

Welcome

Atlantic Financial & Educational Services, LLC

We are pleased to announce that Atlantic Financial & Educational Services, LLC is our preferred and exclusive College Planning Service.

Are you planning to continue your playing career in college?

Whether you are a top recruited Div. 1 prospect or just want to play recreationally in college, funding your education will be one of the most stressful and confusing aspects of the college planning/admissions process.

“Most parents aren’t aware that it is possible to plan years in advance to maximize a family’s college financial aid eligibility, or at the very least, create a strategy to pay as little as possible out of pocket” says Harvey Meldrum, the owner and founder of Atlantic Financial & Educational Services.

Harvey and his firm, located in Spring Lake, NJ has provided college financial aid and admissions advice to over 1000 families since 1987.

Harvey also knows something about athletic scholarships. In addition to managing his college planning practice, he has also been the Assistant Women’s Soccer Coach at Monmouth University since 2001 and directly involved with the recruitment and coaching of NCAA Div. 1 athletes.

Atlantic Financial will be hosting several FREE college financial aid presentations to our membership throughout the Fall. More details about the presentations will follow, but in the meantime, please go to their website at www.afesonline.com and get to know them a little better.

Your U.S. Lacrosse membership certainly does have it’s value and we are very pleased to welcome Atlantic Financial & Educational Services, LLC as our exclusive sponsor for college financial aid and admissions planning.
